

Let's Give A Memorial Day Thought To Curb Of Treachery That Brought Tragedies To Nation During Previous Wars

Throngs of Y-12ers will join millions of Americans over the week end in observance of Memorial Day—paying tribute to the Armed Forces dead of all wars that gave their lives to protect the traditions and life of the nation. While paying this tribute—a thought also could be spent in efforts to avert some of the tragedies that have occurred in past wars through treachery, espionage and sabotage, in other words tightening the security of the country.

Memorial Day this year falls on Sunday, May 30 with the official observance set for the following day. Memorial Day—originally

observed in Columbus, Miss., where women placed flowers on the graves of both Confederate and Union soldiers—now has become the day of honoring all who gave up their lives in the nation's wars. Americans by nature are frank and honest people. However, the time has come when Americans, especially those who are engaged in work affecting the defense of the United States, must learn the high value of secrecy and security.

So on Memorial Day let every Y-12er also remember some events of the past so that, by applying proper safeguards, similar events will not be repeated.

Let us think back to the slogan of the Spanish-American War. "Remember the Maine" sounded across the land—Americans were alerted to a danger confronting the nation and avenged the sabotage of the battleship Maine which, some may recall, was blown up in the harbor of Havana, Cuba. This resulted in the loss of many young American lives. It could be said that with proper safeguards and security measures this tragedy might have been averted.

In 1914 danger signals were hoisted all over the world. However, recognition was ignored. Our nation was too far removed from

Europe to become involved in the quarrels on that continent. From time to time one of the European belligerents sank ships manned by Americans. Warning after warning rang out to official circles but the security siesta continued.

Lusitania Sinking Stunned Nation

One morning the whole nation was shocked by a tremendous tragedy. The passenger ship "Lusitania," with hundreds of Americans aboard was torpedoed without warning by a German submarine and a great number of Americans were needlessly lost. Once again feverish preparations to punish the perpetrator of such a crime were begun. From nothing the nation plunged into the fight to "Make the World Safe for Democracy." Again it could be said that with proper safeguards and security measures, this tragedy might have been averted. Following this conflict, the nation again put away thoughts of preparedness for prevention of sabotage and espionage and lapsed into its natural trusting nature which forgot security precautions. We had not yet learned to apply past experiences to future courses.

Through more than 20 years, securitywise the nation slept. Symptoms of what was to come were experienced on many occasions but they were ignored. Even when Europe was again engaged in a gigantic struggle, our nation failed to recognize the warnings which were plainly spelling out events to follow. We all remember that black Sunday in December when the Japanese struck Pearl Harbor without warning. Without warning? Later events have proven that the warnings were there but unheeded. Again, because of inadequate security precautions, many Americans were lost.

Every person, especially when engaged in work affecting the security and defense of this nation, should take time this Memorial Day to recall the consequences of poor security observance and resolve that, as an individual, they will apply and abide by security regulations established through bitter experience for the protection, not only of our nation, but also for the protection of all the free world.

"Remember the Maine."
"Remember the Lusitania."
"Remember Pearl Harbor."

Carbide Man In Y-12 Named To Post By Metals Society

Robert S. Crouse, a Carbide employee in the Y-12 Plant Area, was elected a member of the executive committee and chairman of the membership committee of the Oak Ridge Chapter of the American Society for Metals at its last technical meeting of the year. He is with the Metallurgy Division of Oak Ridge National Laboratory in the Y-12 Plant Area. A number of Y-12 employees are members of the chapter.

Other officers installed by the chapter for the coming year are P. Patriarca, chairman; A. deS. Brasunas, vice chairman; M. Schussler, secretary and W. J. Fretague, treasurer. In addition to Crouse other executive committee members are D. A. Douglas, Jr., H. Inouye, G. R. Theurich, J. C. Zukas, R. B. Oliver, and E. E. Stansbury.

Y-12er Will Retire After 10 Years Service

W. C. Laughlin Hailed As Loyal Employee

Another milestone soon will be reached in the life of W. C. Laughlin, of the Y-12 Field Maintenance Department, as he is officially retiring from Carbide service on Tuesday, June 1. Charley, as he is known to his many friends in Y-12, became an employee in Y-12 on January 17, 1944 and will complete 10 years, four and one-half months Company Service on his retirement date. He has been a pipefitter during his tenure in Y-12.

Praised by General Foreman

W. J. Wanamaker, Maintenance General Foreman, says of Charley: "He has always been a loyal, tireless and competent worker. We certainly will miss him after retirement. He has made many friends in the plant and we all wish him continued success and happiness."

Laughlin resides in Maryville, at 308 Craig St., and has commuted to work since the early days of Oak Ridge. He is married and has seven children. Two sons, David and Claude, are employed in Y-12 in the Buildings and Grounds Department.

Enjoyed Carbide Associations

As to planned activities after retirement, Laughlin says: "I plan on doing some light plumbing work but most of my time will be taken up working around the yard and house. I have enjoyed my associations with Carbide and will always remember the many acquaintances made in Y-12."

Difference Between West, Bear Creek Points Cited

There has been some confusion among Y-12ers working in the western end of the plant and who have been receiving their pay checks either at the West Portal or the Bear Creek Portal pay points. These two pay points are entirely separate and intended to serve employees in different areas.

The West Portal pay point now is temporarily located right on Bear Creek Road while the Bear Creek pay point is near Bldg. 9204-4. Employees should make certain just where they wish their pay checks delivered when signing pay point designation cards, as this will save time for both themselves and the Paymaster's Department in distribution of checks.

W. C. LAUGHLIN, FIELD Maintenance, is shown being congratulated on his more than 10 years of Company Service last week by General Foreman W. J. Wanamaker. Laughlin will retire from Carbide on June 1.

Credit Union Members' Statements At Office

Members of the Y-12 Employees Credit Union who have not yet done so are asked to pick up their May statements at the Credit Union office, ground floor of the Cafeteria building, before the end of the week. The statements will be mailed to the members not obtaining them at the Credit Union Office.

The statements previously have been attached to pay checks delivered on the last pay day of the month.

The Credit Union is open on Mondays, Tuesdays, and Thursdays from 8:15 a.m. until noon and on Fridays from 8:15 a.m. to 4 p.m. The office is closed all day on Wednesdays.

THURSDAY SPECIAL LUNCH TO FEATURE CORN BEEF CASEROLE

Corn beef and noodles served in individual casseroles will be the entree on the Thursday Special Lunch at the Y-12 Cafeteria tomorrow, Thursday, May 27. The Thursday Special Lunch sells for only 50 cents and includes a vegetable, choice of salad or dessert and rolls and butter.

Y-12 Motorists Will Enjoy Memorial Day Holiday With Safer And Slower Driving

It's Not Necessary To Emulate Race Drivers To Try And Save 45 Minutes On Trip Of 100 Miles

On next Monday, May 31, more than 30 of the world's leading dare-devil automobile race drivers will be pushing their tensely-tuned machines around the Indianapolis, Ind., Speedway at speeds nearing 140 miles per hour in the annual 500-mile race classic.

At the same time many Y-12ers will be on the road enjoying their long Memorial Day holiday, taking their families for drives, visiting cities nearby and some further away. No Y-12er is expected to be foolhardy enough to try and emulate the trained speedsters of the Indianapolis oval—and it would be to the great benefit of these Y-12ers not even to try and save even 45 minutes on a 100-mile trip.

It Can Be Done—But

Oh, it can be done if the drivers are accustomed to using good sense. But—is the time saved worth the risk and effort? In order to save three quarters of an hour on an approximate three to six-hour drive, the driver will have to push along at the top speeds that the law allows on highways.

If you decide to go the limit in this way, the Institute For Safer Living of the American Mutual Liability Insurance Co. hopes you are able to put the time saved to good use, for in order to save it you more than double your chance.

Continued on Page 5

MEMORIAL DAY HOLIDAY TO BE OBSERVED MONDAY THROUGHOUT Y-12 PLANT

With Memorial Day, May 30, falling on Sunday this year, the holiday will be observed in the Y-12 Plant Area on Monday, May 31. No Y-12 employees will be required to work on that day except those required for the continuous operation and protection of the plant.

Hydrologist Will Speak At Materials Chemistry Meet

"Hydrological Studies of Waste Disposal Problems" will be discussed at a meeting of the Materials Chemistry Seminar set for 9 o'clock Friday morning, May 28. The meeting will be held in the auditorium of Bldg. 9766 in the Y-12 Plant Area and the speaker will be Roy Richardson, hydrologist with the United States Geological Survey, Groundwater Division, Knoxville. All Y-12ers interested in the subject are invited to attend the meeting.

Don't Let This Happen To Mar Holiday

THIS PICTURE HAS BEEN SEEN BEFORE BY Y-12ERS. It is the wreckage of an automobile in which a young man was killed when he lost control of the vehicle on the Oak Ridge Turnpike not so long ago. This scene will be duplicated many, many times over the Memorial Day week end—but it should not happen to any Y-12er who drives cautiously and courteously. Picture courtesy of MSI Item.

Y-12 Plantation Ball To Bring Fun For All At Oak Terrace Hall

"Fun for all" is the slogan adopted by the Y-12 Girls Club for the "Y-12 Plantation Party" planned for Friday night, June 11, at the Oak Terrace Ballroom. That fun is scheduled to get underway at 9 p.m. and continue until 1 a.m., during which time all guests are expected to absorb a lot of entertainment.

To Be Informal Affair

The "Y-12 Plantation Ball" is to be an extremely informal affair. Gals probably will show up in comfortable and cute summer dresses while their escorts and other male patrons may wear sport shirts and slacks (The Weather Man predicts warmer nights along about that time).

The "Y-12 Plantation Ball" is being planned for everyone in Y-12—and the Girls Club means everyone. One of the objectives of the club is to provide the best possible social entertainment for Y-12ers and they are taking this opportunity to make the "Plantation Ball" an outstanding event and one to be remembered along with the many previous highly successful Christmas dances.

Neal's Orchestra Engaged

Music for the dancing will be provided by Clarence Neal's orchestra, which probably will show up in blue jean costumes to carry out the theme of the party.

Tickets for the shindig will cost only \$1 each if obtained from members of the Girls Club before the party and \$1.25 per person if purchased at the door.

The following Y-12 employees were patients in the Oak Ridge Hospital last week:

Alta L. Curtis, Production Assay; Russell F. Moyers, Electrical Maintenance; John Shepard, Product Processing; Noel H. Moon, Production Inspection; Joseph J. Cavosie and Glenn E. Fisher, ADP Maintenance; F. H. DeFord and Willard C. Marlar, Research Services; Arthur C. Wampler, General Utilities; Chester L. Estes, Field Welding; Harold H. Neal, Guard; Byron D. North, Chemical and Industrial Engineering; William C. Johnson, Buildings and Grounds; J. H. Rowan, Laboratory Operations; Clarice P. Coulter, Laundry; J. Clyde Bowles, Maintenance Division.

Congratulations to J. S. Brown, Health Physics, who became father of a girl born May 16 at the Oak Ridge Hospital.

In 1953, 38,500 Americans were killed in traffic accidents.

MISS RUTH CHAMBERS. SEATED CENTER IN THE PICTURE above, was honored at a bridal shower given last week by fellow employees in the Y-12 Medical Department. The honoree was married on Sunday, May 23, to George T. McMahon, of the Alloy Division in Y-12, at the Chapel-On-The-Hill. At Miss Chambers' right is Maude Clemmer and at her left is Margaret Rainbolt, co-hostesses with Coda Summers who was ill and could not attend the affair. In the rear are, from left, Evelyn Wilson, Jodie Brown, Esther Rosenberg, Lula Clackler, Mary Ellen Miller, Dr. Anne Robinson and Mary Napier. Doris Walton, also a guest, was not in the picture. The shower was given at the home of Margaret Rainbolt.

Hi folks.

We've got news for you—here 'tis.

ALLOY

Jean Vaughn, of the Alloy Division, and her husband, Arky, of Oak Ridge National Laboratory and Mr. and Mrs. Hugh Griffin, of the Assay Laboratory, coasted over to Cookeville last week to see a rodeo there . . . R. E. Plemmons spent last week at home in Rockwood (picking strawberries, it is reported) . . . W. K. Whitson went all the way over to Asheville, N. C., while vacationing to work on his farm . . . A slew of new employees arrived last week and a warm welcome is extended to each and every one . . . Well, congratulations to Bill Geldmeir and his bride, the former Peggy Harris, of Oak Ridge National Laboratory, who were married last Saturday . . . Joe Bridges is spending a part of this week in Florida while vacationing . . . J. A. McMurtry says he is just going to putter around home while vacationing at Seymour, Tenn.

CHEMICAL

General Utilities had a couple of folks in the ailing department at the Oak Ridge Hospital last week and sent get-well wishes thereby to Arthur Wampler and Joseph Braden . . . Roy Chrisman, Roy Sherny and Walter Johnson all are vacationing this week.

The Chemical Division reports A. C. Wright vacationing this week.

Bob Tilley, of Uranium Processing, is vacationing over at Rockwood . . . Joe Loggins likewise is resting . . . Charley Smith is welcomed back after a recent illness.

INDUSTRIAL RELATIONS

Safty Department folks and other friends of Floyd Shook extend sympathy over the death of a sister-in-law who died recently in Alabama.

Those two Technical Information Department brides-elect, Lenis Winchester and Betty Stephens, were honorees at showers last week . . . Jean Gasaway was host for Miss Winchester in Oak Ridge and Miss Stephens' sister, Mrs. T. L. Rich, of Chattanooga, entertained at Harriman for her . . . Dot Connor had as guests last week end Mrs. R. A. Hemphill and sister, Hazel, from Chattanooga.

Helen Varnadore, of Medical, is vacationing at Daytona Beach, Fla. (South Oak Ridge.)

The Guard Department's G. A. Atchley is the proud father of a baby girl—no more information available . . . Guard vacationers include C. A. Hall, M. T. Barker, T. D. Ogle and C. McPeters.

Ralph Jeffries, of Training, is taking the second installment of his vacation and going right back to the lake banks at Louisville, Tenn., to unlash.

Jesse J. Durrett, the big chef (no "i" in that title) of the Cafeteria was ailing last week and received get-well wishes—Likewise wishes to W. A. Monroe, who has been out for several weeks because of illness.

ACCOUNTABILITY AND INSPECTION

Kay Williams, Nancy Garrison, Phyllis Johnson and Barbara Bond, all of Uranium Control, went over to Forest City, N. C., last week end to attend the wedding of Pamela Starnes, a former Y-12er . . . Al Sabatina, a former Y-12er in the department, was an Oak Ridge visitor last week.

MAINTENANCE

K. L. Duncan is vacationing from the Salvage Department to spend a week around his Lake City home.

E. H. Erickson and W. L. Parton are vacationing in Transportation.

Buildings and Grounds reports W. D. Foust is the happy father of a baby girl, weighing seven and one-half pounds . . . Department vacationers are M. V. DeLung, C. A. Marks, C. E. Jenkins and T. B. Johnson.

Lots of chatter from Field Maintenance—T. C. Brooks is no further than Oliver Springs on vacation . . . W. E. Phillips got the traveling bug and is visiting relatives in Ohio and Indiana and will be among the throng at the Indianapolis, Ind., Speedway races, come Monday . . . A. E. Morton is visiting relatives and friends in Akron, Ohio . . . P. Pelfrey is enjoying visiting his son stationed at Norfolk, Va. . . H. H. PayDe is setting some kind of a record for going places in brief periods—he is flying (he says) to (1) Key West, Fla. (2) Houston, Tex. (3) Dallas, Tex. and (4) Albuquerque, N. M.—All in one week, yet . . .

Red Cross Reelects Y-12ers To Top Posts

Campbell and Hamrick
Honored; Work Cited

The Oak Ridge Chapter of the American Red Cross last Thursday night reelected James E. Campbell as chairman and Paschal Hamrick as vice chairman of the chapter for the coming year. Both Campbell and Hamrick are Y-12ers in the Personnel Division and have been active in Red Cross work for the past several years. Other chapter officers named for the coming year were R. P. Shane, of Management Services, Inc., treasurer; and Mrs. W. W. Harris, secretary.

F. C. Lowry, Superintendent of the Y-12 Personnel Division, was reelected as a member of the board of directors; as was Dr. C. P. Keim, also a Carbide employee in the Y-12 Plant Area. The chapter has 45 directors, one-third of whom are elected each year for a three year term. W. S. Herron, of the Y-12 Chemical Division and fund campaign chairman for the Red Cross this spring in its successful drive, is among the holdover directors of the chapter.

Fund Goal Exceeded

In its annual report submitted to the membership last week, the chapter announced that the fund campaign this year had raised \$28,831.85, of which 73.2 per cent will remain in Oak Ridge to operate the local chapter functions, the remainder going to national headquarters. The chapter's goal for the campaign was \$24,595 and generous responses from employees of the three Oak Ridge units of Carbide helped the chapter go "over the top" in the drive.

The chapter is proud of the fact that in every one of its 10 services an active chairman and assistant chairman are serving to carry out the various programs. The annual report details the varied activities of the chapter, revealing the vast amount of work done the past year.

Chapter Activities Listed

For instance, in the Home Service work 838 servicemen, 397 veterans and 245 civilians were served during the period. In the chapter's blood program, volunteer donors gave 1,250 pints of blood for use by the Oak Ridge Hospital. In the first aid category, classes were given to civil defense groups, Boy Scouts, Girl Scouts and all students at the Jefferson High School. Water safety classes found 1,500 adults and children enrolled in instruction given at the Oak Ridge pool. Classes in home nursing were given by the chapter to civil defense groups and to home economic students at the Oak Ridge High School.

The service groups of the chapter also were active during the year. The Gray Lady group is giving on an average of 300 hours per month to hospitals. The production service supplied 100 gifts to servicemen at sea and 150 veterans at the Mountain View Veterans Administration Hospital on Christmas Day in addition to other articles for veterans and patients at the Oak Ridge Hospital. The motor corps also has been active in providing transportation for various chapter purposes. In disaster relief, the chapter continues to work closely with civil defense authorities in planning.

The Junior Red Cross program found Oak Ridge School pupils enrolled 100 per cent. This group sent 470 gift boxes to children overseas in addition to its many other activities.

Y-12ers can be proud of the support given by them to the fund campaign last March. In the plant drive, headed by Ray J. Barron, Manufacturing Office Division Office Manager as Chairman, generous Y-12ers contributed \$6,110.46 to exceed the assigned goal of \$3,750 by 62.9 per cent.

Janet Harris

Another Daughter Of Y-12er Picked For Girls State

Janet Harris, daughter of W. O. Harris, of the Y-12 Receiving and Shipping Department, has been honored with election as a delegate representing the Lake City High School to the Tennessee Girls State to be held at Murfreesboro, Tenn., July 18 to 26. She was selected by the Women's Auxiliary of the American Legion Post of Lake City to represent the community because of her outstanding scholastic and personal record.

Miss Harris is secretary of the junior class of the Lake City High School and is a member of the F.H.A., Bible Club, and the Beta Club of the school.

She is the second daughter of a Y-12er so honored within the last few weeks. Shirley Murray, daughter of James P. Murray, of Uranium Processing, was selected several weeks ago as one of the Oak Ridge representatives to Girls State.

The American Legion Auxiliary has set up the Girls State each year for the purpose of promoting interest in civic affairs among the young women of the state. The girls establish their own governmental units at the annual meeting and learn much about the operation of city, county and state organizations, with their own units patterned after the conventional governmental units.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days—

John S. Orr, Electrical Maintenance, May 29.
Ella C. Humphrey, Product Processing, May 30.
Hazel P. Lemons, Chemical, May 30.
Thelma W. Bradshaw, Product Processing, May 30.
L. Johnson, Chemical, May 30.
Bernard G. Jenkins, Product Processing, May 31.
Dora R. Johnson, Laundry, May 31.
Theodore E. Langford, Alloy Development Maintenance, May 31.
Mayme W. Hundley, Cafeteria June 1.
Thomas E. Shaw, Field Maintenance, June 1.
Roscoe E. Barringer, Production Analysis, June 1.
Virginia H. Perkins, Technical Division, June 1.
Alvin K. Bowles, Field Maintenance, June 2.
Valjean C. Jackson, Special Testing, June 2.
John W. Strohecker, Project Design, June 2.

Remember—Only you can
PREVENT FOREST FIRES!

SEEKING ANOTHER GOOD RECORD IN SOFTBALL THIS YEAR ARE THE Y-12 ROBINS, the Plant women's varsity softball team, pictured above. From left are Ella Mae Koontz, Helen Brown, Peggy Cowan, Bonnie Roberts, Ruby O'Kain, Lois Secrist, Sue Strange, Nell McGinnis, Peggy Crews, Mary Whitt, Priscilla Savage and Juanita Reed. In front is Regina Camp, team scorekeeper and statistician.

Orphans Annex Roll-Off Title

Paddy Peckman Posts High Individual Game

H. W. "Paddy" Peckman, the old bowling pro, really had himself a night at the alleys last week in the Y-12 Plant roll-off as he paced the Orphans, of the D League to the championship of the title holders in the three plant pin circuits. Paddy blasted the maples with a 193, 161, 267 — 621, boosted to 711 with handicap. The 267 scratch game and 711 individual handicap series are the highest marks registered in all of the Y-12 Plant Leagues this season.

Paddy Peckman

The Orphans rolled a 3084 handicap series to cop the plant title. Other members of Orphans team and their scratch scores were Clyde Smith 180, 152, 156—488; Elmer Green 173, 187, 159—519; D. B. Williams 165, 194, 168—527; and George Schierbaum 157, 188, 155—500.

The Rebels placed second in the roll-off with a 3001 handicap series. Scratch scores for the Rebels of the B League were Brown 178, 163, 213—554; Forbes 163, 137, 136—436; Dunlap 210, 154, 161—525; Riddle 182, 153, 172—507; and Spears 156, 180, 223—559.

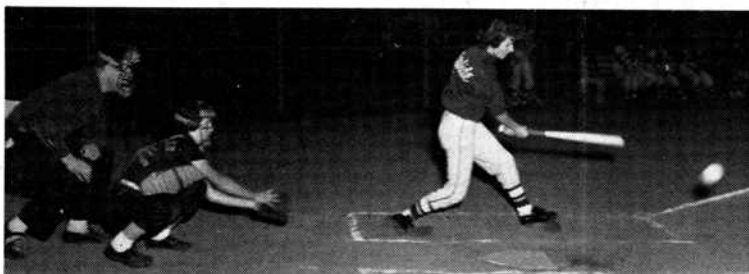

Third place in the session went to the Hot Wires, of the C League, by posting a 2862 handicap series. Scratch scores for the Hot Wires were Nix 167, 114—281; White 132, 126—258; Smith 170, 125, 173—468; Sikes 180, 135, 185—500; Tiller 151, 148, 170—469; and Sprouse 136, 110—246.

Y-12 Woodpeckers Win City Loop Tilt

The Y-12 Woodpeckers in the Oak Ridge Recreation League got started off on the right foot last week by winning a clean cut 11 to 4 victory over the First Baptist Church representatives.

The Woodpeckers jumped to a two-run in the first inning and clinched the contest in the sixth frame by breaking loose for six tallies. Bill Stanton, Woodpecker chunker, cooled the Baptist men off by spacing six bingles and walking only four batters. Leading hitters for the Y-12ers were A. C. Wright, Collen Shotts, and Stanton, each collecting two base hits.

Team	R	H	E
First Baptists	0	2	0
Woodpeckers	2	1	0
Stout and Jenkins, Stanton and Shotts.	0	1	1

PEGGY COWAN, Y-12 ROBIN PLAYER, IS SHOWN ABOVE just after taking a strong swing and propelling the ball toward safe territory over third base in the Robin opener against Corryton. The catcher is S. Clapp and the umpire Arky Vaughn.

UCJV Suffers First Loss In Plant Softball League

49ers Administer Licking To Loop Leaders; Bombers Show Plenty Of Class In Victory

Bad weather hampered action in the Y-12 Plant Softball League last week as only three games were played. The big news was made as the league-leading Uranium Control Junior Varsity went down to its first defeat of the season by the overwhelming score of 34 to 0 at the hands of the 49ers. Ed Sise twirled a neat three-hitter for the winners. Home runs were smacked by Sewell Brown, Myers and Sise, all of the 49ers. The hard hitting 49ers went to work on the offerings of Bill Hamil from the outset of the game by scoring 10 runs in the first inning and coasted in with an easy victory.

Bombers Improved

In other league action, the improved Bombers turned in a slight upset by winning over the 49ers by 7 to 5 in a fine game all the way. The Bombers showed plenty of class and from all indications they will be plenty tough for all opposition. Gib Hatmaker, of the Bombers, clouted a tremendous homer for the winners while Bill Ramsey twirled a fine game for the second place combine.

The Steamers continued improvement in the loop by knocking off the Engineers by 38 to 6 in a loosely played contest. Spradling tossed a three-hitter for the winners.

Starting this week The Bulletin will publish plant league schedules

'Bob White' Movie To Be Shown Here

An interesting moving picture that took international honors in its field on conservation—"Bob White Through The Year"—will be shown by the Oak Ridge Conservation Club tomorrow night, Thursday, May 27. The showing will be in the East Lounge of the Ridge Recreation Hall and the public is invited.

The film portrays the life cycle of the quail and was produced by the Missouri Conservation Commission.

to cover the week ahead of playing dates. Managers and players alike are urged to read these weekly schedules.

Schedule for the week of May 31 follows:

Tuesday, June 1 — 6:15 p.m. UCJV vs Steamers. 7:45 p.m., ADP vs Guards.

Wednesday, June 2—6:15 p.m., 9212 vs 49ers. 7:45 p.m., Engineers vs ADP.

Thursday, June 3 — 6:15 p.m. Maintenance vs UCJV. 7:45 p.m., 49ers vs Guards.

Line scores and league standing follows:

Team	R	H	E
Bombers	1	0	1
49ers	0	0	0
Ramsey and Castleberry.	1	0	0
Engineers	6	0	0
Steamers	8	15	0
Choat and Wolfe.	1	0	0
UCJV	0	0	0
49ers	1	0	7
Hamil and Hopkins.	0	3	6

Team	W	L
UCJV	6	1
Bombers	5	1
49ers	6	2
Steamers	4	4
Guards	3	3
Maintenance	3	3
ADP	2	4
Engineers	1	6
Bldg. 9212	1	7

Y-12 Slo Pitchers Rained Out In City

Manager W. C. "Andy" Anderson and his Y-12 Slo Pitch Softballers in the Oak Ridge City League were rained out last week but will attempt to get on the victory trail tonight, Wednesday, May 26, against the Jewish Congregation at 6 o'clock at Midtown No. 1 Field.

Cards Break Scoring Drouth With Three Wins In Week

Big Red Meets Mascot Friday To Break Tie In Loop Race; Robins Return To Action

Manager Roy Roberts' high-flying Cardinals broke out of their run famine last week by winning three games, in all of which their scoring count ran to double figures. They started out with a 10 to 0 whitewashing of the Oak Ridge Amvets, then whipped Watson Furniture Co., of Knoxville by 11 to 4 and wound up with an invasion of Nashville where they licked Wright's Photo Shop by 12 to 2. The triumphs over the Amvets and Watson were Knox-Ridge League victories and kept the Cards in a tie for top spot in the circuit with Mascot, each with three wins as of Sunday.

The battle for the loop lead will be temporarily decided at 7:30 o'clock Friday night at Midtown Park in Oak Ridge, when Mascot comes out for a crucial engagement. Game time is 7:30 p.m. The Y-12ers' next scheduled tilt will be against Bell Avenue Baptists at Oak Ridge on Friday, June 4, also at 7:30 p.m.

The Y-12 Robins were idle last week and their next scheduled clash will be at Corryton at 7:30 o'clock Friday night of this week. Vestal will come to Oak Ridge to meet the Robins at 7:30 p.m. Tuesday, June 1. Then on Friday, June 4, the Y-12ers will meet K-25 at Oak Ridge.

Cards Rally To Win

Against Watson the Cards came from behind to win. Trailing by 3 to 1 going into the first half of the sixth, the Cards tallied three runs and then posted seven in the seventh, mostly because of wildness by the opposition hurlers, who walked nine. Bob Loy pitched this one for the Cards and whiffed 11 while walking none. Gene Huskisson poled a homer and Loy a triple.

At Nashville bases on balls by the home hurlers also were valuable to the Y-12ers, eight Big Red players strolling for free. Y-12 got away with eight runs in the first and the Nashville lads never had a chance against Bill Willburn's tight twirling. He struck out 13. Tom Perry, the newcomer at shortstop for the Cards, whacked a homer and single for the winners.

Morris "Fireball" Perry, fine Cardinal chunker, really threw the coal on last week as he tossed a no hit, no run game at the Amvets to win an easy 10 to 0 victory in a Knox-Ridge League contest. Perry also blasted a grand slam home run over the center-field wall to protect his wide margin. Perry was never in better form as he was hitting the corners and stayed ahead of practically all Amvet sluggers. He walked only two men and struck out 10 opponents. Other leading hitters for the Cards were Bob Loy, who bashed a triple, and Walter Simmons with a double.

The Y-12 men jumped to a two-run lead in the first inning, adding six more tallies in the second frame and coasted in with an easy victory.

Line scores of games last week follows:

Team	R	H	E
Cardinals	2	6	1
Amvets	0	0	0
Perry and Headrick.	0	0	0
Y-12	10	0	0
Watson	0	2	0
Loy and Seivers.	0	0	0

Golf Meeting Set Thursday

Important Problems Set For Discussion

An important meeting of all golf team captains in the Y-12 Plant Golf League is set for tomorrow, Thursday, May 27, at 10:30 a.m., in Room 209 in Bldg. 9704-2. The meeting will concern important league problems which have arisen since the start of the season. All team representatives are urged to be present at the meeting.

Y-12 Golf League Hampered By Rain

Participants in the Y-12 Plant Golf League had difficulty in getting in their matches last week due because of wet weather. Results of matches played found the following teams winning two points from their opponents, Plugs over the Fat Boys, Chippers over the Dubbers, Eagles over the Grand Slammers and Bogies over the Hooks.

Carl Dorr, of the Chippers, came in with low gross honors by shooting a 36. Low net honors went to Bill Reynolds, of the Plugs; Nelson Tibbatts, of the Fat Boys; and Dorr, each with a 35.

Team	W	L
Rippers	10	2
Plugs	10	4
Chippers	10	4
Eagles	9	5
Rough Riders	8	4
Gophers	8	4
Grand Slammers	8	6
Fat Boys	8	6
ADP	7	7
Hooks	6	8
Crooks	4	8
Bogies	4	10
Dubbers	2	12

Dodgers Win Two From Knox Teams

Carbide's lone baseball team, the Y-12 Dodgers, racked up a pair of wins over the week end. They bounced the Knoxville Tigers by 14 to 8 on Friday night at Oak Ridge and then trimmed the Knoxville Giants by 7 to 6 in Knoxville Sunday.

Power hitting by the Dodgers in the late innings beat the Tigers as Trent hurled a five-hitter for the winners. T. Ware led the Dodger hitters with two for three, a triple and double.

The Sunday encounter was a thriller with Williams hitting a homer in the 10th to win for the Y-12ers. Leon Coleman topped the Y-12 hitters with a single and triple in three trips to the plate.

The Dodgers go to Loudon next Monday for a holiday encounter at 3 p.m.

Team	R	H	E
Tigers	302	021	0
Dodgers	032	234	x
Trent and Wright.	0	0	0
Williams and Johnson.	0	0	0
Dodgers	004	021	000
Giants	300	020	001
Williams and Johnson.	0	0	0

W. K. Anent is closer to Oak Ridge—working on his new home near Byington . . . **A. P. Hooker** is touring the fishable lakes in the vicinity . . . **V. L. Pepper** is staying at home at Black Ferry . . . **J. H. Burrow** announced plans for a Florida trip . . . **R. R. Chilcoat** is welcoming his Army son home on furlough from North Africa . . . A welcome back is extended to **D. B. Blackburn** after a long illness . . . The welcome mat was tossed out last week for newcomers **W. A. Cowan**, **C. M. Helton** and **S. P. Kesterson** . . . Department sick folks are **R. S. Manning**, **E. L. Hill**, **J. L. Sandefur**, **T. E. Garrison**, **C. M. Goodlin** and **H. M. Smith**.

Research Services hopes **F. O. Gaddis** and **J. W. Woody** get well quick and get back on the job.

Electrical Maintenance hung out the welcome sign last week for newcomers **J. R. Harper**, **J. P. Powers** and **C. J. Williams** . . . **W. M. Akers** has a new son but no further statistics available . . . **W. D. Brock** was sick last week and folks hope he is back soon . . . **R. W. Fain** went to undisclosed destinations while vacationing last week.

TECHNICAL

Project Engineering had **H. S. Steigerwald** on vacation last week. **H. E. Coppock** vacationed in Mechanical Engineering last week . . . Sympathy was extended last week to **W. I. Galyon**, whose mother died recently in Knoxville—also to **E. J. Asbury**, whose sister succumbed recently in Pittsburg, Kan.

Health Physics people were congratulating **Sewell Brown** last week over becoming father of a baby girl . . . **Helen Stepp** had her tonsils removed as the department's medical note of the week . . . **Red McMillan** is on vacation this week at (take a good look) John Noel, it's a town in Washington state . . . **Mary Curtis** is vacationing out in Tyler, Tex.

Elizabeth Johnson, of Production Analysis, and her hubby, **Clarence**, of Safety basked in the balmy sunshine of St. Petersburg, Fla., last week.

MECHANICAL OPERATIONS

Mostly vacations—is the General Machine Shop news . . . **J. C. Maples** is at Clinton . . . **W. D. Newman** at home in Knoxville . . . **T. C. Underwood** at McMinnville . . . **C. L. Newman** at Knoxville . . . **Lloyd Baker** with his father in Chattanooga . . . **Ray Profit** was out ill last week and is hoped that his return will be soon . . . **B. F. Jones** and family tripped up to Saltville, Va., for the week end . . . **J. Crawford** is another Y-12er boasting of a new addition to the family—his son, **Victor Allen**, arriving May 20 . . . The department is buzzing over the bees-ness of **H. M. Russell**, who was routed from his home when a swarm of the pesky insects took over.

MANUFACTURING OFFICE

Manufacturing Office Department wigwags that **Helen Cunningham** is vacationing at home in Alcoa . . . **Dot Parks** and her husband, of the General Machine

**Y.W.C.A. Organizational Meet
Set For Thursday Night**

An organizational dinner meeting to establish a Young Women's Christian Association in Oak Ridge has been set for 7 o'clock tomorrow night, Thursday, May 27, at the Oak Terrace. All Y-12 women employees and the wives of Y-12ers interested in the project are urged to attend the session with the general public being invited. Mrs. Sara Ketron, director of guidance in the Oak Ridge public schools, will speak and reservations may be obtained from Mrs. C. E. Normand, Oak Ridge telephone 5-3868. Both are wives of Carbide employees in the Y-12 Plant Area.

The Y.W.C.A. is one of the projects endorsed by the Oak Ridge Business and Professional Club, of which two Y-12 women employees are president and vice president. They are Mrs. Will Rubyn Kelly, Planning and Estimating; and Miss Emma Puckett, of Stores.

**'Stop Talking, Do Something,'
Groves Asks Government**

Lieut. Gen. Leslie R. Groves, in a recent interview with International News Service, has declared that the time has come to "stop talking" about the terrible dangers of an atomic or hydrogen bomb and "do something." The former head of the Manhattan Project that developed the atomic bomb believes that government officials should refrain from crying "wolf" so often that the public might become apathetic. He also warns the public against atomic jitters.

General Groves also urged that the federal government "clamp down" on spy centers within the United States as the first step in formulating a strong defense against possible atomic or hydrogen bomb attacks. He referred specifically to the Russian embassy in Washington and the United Nations as places to be watched.

Shop, are entertaining her sister and husband, Mr. and Mrs. C. W. Talley, and brother and his wife. Mr. and Mrs. Horace Swaine, all of Nashville, showing them the Smokies and other East Tennessee beauty spots.

C. R. Harris has returned to Timekeeping after being off sick.

H. C. Baker, Stores, and his wife, **Margaret**, of Product Processing, are vacationing high up in the Cumberland Mountains at Spencer, Tenn. . . . **R. A. Robinette** spent last week at home in Lenoir City . . . **E. W. Burchfield** stayed at home in Knoxville for his vacation.

Property Sales sends get-well wishes to the husband of **Stella Gammel**, who underwent surgery last week at the Oak Ridge Hospital.

That's the news, mam (and sirs) that's the news. S'long.

Twenty-five per cent of all drivers involved in fatal automobile accidents in the United States last year were under 25 years old.

**Y-12 Motorists Need
Not Speed On Holiday**

Continued from Page 1
es of being delayed by a serious accident.

Speeding Causes Many Accidents

Institute studies show that nearly 14,000 or 47 per cent of all highway fatalities result from accidents that occur while traveling at or above top lawful speed limits. Checking a series of 100 and 200-mile automobile trips under varying road and traffic conditions, the Institute finds that 45 minutes is about the most that a driver can gain by pressing at the maximum lawful speed, assuming that his normal average speed has been at the rate of 100 miles in three hours.

Drivers cruising at a comfortable 10 to 15 miles per hour less than maximum limits reach their destination less than an hour later, even on a 200-mile trip, and under some traffic conditions arrive within a few minutes of the "hurry-up" driver.

Think It Over

Why not think it over before starting that holiday out-of-town trip? If it is a matter of life or death, then perhaps fast driving is your answer. For anything less you'll find that a more leisurely pace has this big advantage: You arrive at your destination more relaxed, free from strain and tension, and free from the guilty feeling that you have gambled with the lives of yourself and fellow passengers.

HIGHWAY SAFETY**Planning an Automobile Trip**

Allow enough time to reach your destination without being forced to speed by following this common sense safety rule. "For every 100 miles, grant yourself 3 hours of driving time." This assumes an average highway and normal driving conditions. It excludes rest periods.

AMERICAN MUTUAL LIAB. INS. CO.

**REBELS AWARDED B TITLE
BY POSTING TOP SCORES**

Awarding of the B Bowling League champion was awarded to the Rebels because the team posted the highest scores on the last scheduled bowling night of the first, second and third round winners. Hope that settles the many questions on the subject.

**Bureau Of Standards Man
To Address Physics Seminar**

Dr. E. Ambler, of the United States Bureau of Standards, Washington, D. C., will address the next meeting of the Oak Ridge Physics Seminar set for 4 o'clock Friday afternoon, May 28. The meeting will be held in the auditorium of Bldg. 4500, Oak Ridge National Laboratory, and Dr. Ambler's topic will be "Alignment of Cerium 141 Nuclei." Y-12 technical and scientific personnel interested in the subject are invited to attend the session.

REDS "CLEANING HOUSE?"

Moscow is "cleaning house" in the Soviet republic of Kazakh, reportedly a testing ground for atomic experiments and a source of raw material for Russia's atomic program, according to the Associated Press.

SEEING IS BELIEVING—SO HERE IS THE EVIDENCE OF the big angling success achieved at Gulf Shores, Ala., recently by J. J. Durrett, of the Y-12 Cafeteria, left, and Ed Williams, of Buildings and Grounds. Dan Zehner, also of Buildings and Grounds, was along on the trip and did his share of the fish landing. This small part of their total loot from the Gulf of Mexico is composed mostly of ling and king mackerel.

Rides Wanted, Offered

Ride Wanted—From Petros Junction, Warburg Highway, straight day. Ruth Woods, plant telephone 7-8683, home telephone 5-1768.

Want to Join Car Pool—From Sevierville, straight 7 a.m. to 3 p.m. shift. John McCarter, plant telephone 7076.

Ride Wanted—From 111 South Seneca Road to North Portal, straight day, Pearl Youngblood, plant telephone 7629.

Rider Wanted—From Bearden, straight day. W. L. Lowry, plant telephone 7177, home telephone 8-3260 Knoxville.

Two Riders Wanted—From South Knoxville or en route via Western Ave., straight day. M. B. Hilton, plant telephone 7653, home telephone 7-1930, Knoxville.

Ride Wanted—From North Purdue and Northwestern Aves., Oak Ridge, to North Portal, straight day. Eunice Webster, plant telephone 7719, home telephone 5-7666 Oak Ridge.

Ride Wanted or Will Join Car Pool—From 112 Arizona Road, Oak Ridge, B Shift, Charles Brazda, plant telephone 7336, home telephone 5-0132, Oak Ridge.

Ride Wanted—From 505 Williams St., North Knoxville, straight day. Alice Montgomery, plant telephone 7707, home telephone 4-1253, Knoxville.

**Groves Favors Atomic Power
If Security Is Maintained**

Lt. Gen. Leslie T. Groves, now retired and former wartime commander of the Manhattan District, has gone on record as approving use of atomic energy for industrial purposes as long as it does not threaten military security, according to newspaper reports. The general proposed that "private industry be allowed to finance and run its own atomic powered plants." He left no doubt, however, of his personal opinion that maintenance of security under such circumstances would be most difficult.

General Groves also predicted that commercially feasible nuclear power plants could be operating in about 10 years and that the future of atomic power lies "particularly in the field of large stationary electric plants and of the submarine and other naval vessels. A nuclear powered plant could be run by semi-skilled labor, he believes, but that to design, produce and operate such plants would require disclosures of nuclear knowledge to large numbers of persons.
